Parents/Caregivers:

How many **minutes per week** does your child spend reading alone or with a caregiver?:_____

How many books does your child currently possess?_____

Thank you!

Through a partnership between The Literacy Roots Project and The RED Bookshelf , your child's selected interests will help us create a personalized collection of books to build their home library. Together, our organizations will coordinate book distributions, reading celebrations, and other literacy events designed to inspire a lifelong love of reading.📚❤️

Curiosity Conversation

We'd love to celebrate your child's reading journey!

At the end of each program, some children may be invited to participate in a brief 2–5 minute Curiosity Club Conversation, where they'll share their favorite book, something they learned, and what they're looking forward to reading next.

With your permission, these conversations may be recorded and used to celebrate young readers and demonstrate the impact of this collaborative literacy initiative.

☐ Yes, I give permission for my child to participate in a **Curiosity Club** Conversation and to be photographed and/or recorded for program and promotional purposes.

☐ No, I do not give permission for my child to participate in a **Curiosity Club** Conversation or to be photographed or recorded. I understand my child will still receive their personalized book bundle.
